Subject: Review of Reclamation Surety, Got Named Inc., Solar Wind Mine, S/023/0061, Juab County, Utah

Dear Mr. Fuller:

The last surety estimate for the Solar Wind Mine was done in 2009 and escalated to 2012 dollars. The surety amount needs to be adjusted to account for changes in reclamation costs.

Based on average reclamation costs, the surety amount needs to be increased from \$7,400.00 to \$7,900.00 for a three-year escalation or \$8,100.00 for a five-year escalation. The average reclamation costs are outlined below:

Project Size (Acres)	Surety 3 & 5 year escalation 2012	Comments
1 or less acres	\$7,900 (3-year escalation) \$8,100 (5-year escalation)	Minimum amount required

Please contact the bond coordinator, Penny Berry, at 801-538-5291 or by e mail at pennyberry@utah.gov for information about submitting the additional bond. Your current bond is in two forms. One bond is for \$6365.00 and is held by the Bureau of Land Management, and the Division holds \$1035.00 in the form of cash on deposit through the Utah State Treasurer. You may increase the cash deposit, or you may submit a letter of credit, a certificate of deposit, or a surety bond for either the increased or the total amount. Bonding forms are available on the Internet at <http://www.ogm.utah.gov/minerals/MINERALSFORMS.htm>.

Please provide the additional surety no later than October 31, 2012.
